## Directions

1. Print these pages on cardstock.
2. Color and cut out the kraken.  
(The spaces between the arms are a bit difficult to cut out. It's fine to leave them!)
3. Cut out the stand.
4. Fold backwards on all the gray dotted lines.
5. Glue the tab to the opposite end of the stand so it makes a triangle.
6. Glue or tape the stand to the back of the kraken.
